## HOW DO I APPLY FOR A POLICY?

**It's easy to apply. Step 1:** You must apply to Medicaid within 60 days prior to sending an application to ICHIA. **Step 2:** Provide a fully executed Medicaid Application Verification Form. **Step 3:** Select the Plan right for you. Once you have determined which Plan is right for you, simply complete the enclosed application and return it to the address on the form. NOTE: Steps 1 and 2 do not apply to federally eligible individuals.

Your effective date of coverage will be the later of: 1) the date application is approved, 2) the day after your previous major medical coverage ends, or 3) a future date you request not to exceed 60 days.

All sections of the application must be completed in their entirety. A checklist is provided to help guide you through the application process. Remember, premium payment is due at the time of application.

If at any time while completing the application you have questions, please contact our customer service department at **1.800.552.7921** or **317.614.2133**. You can also visit us **on-line at [www.ichia.org](http://www.ichia.org)** where you can view additional information about the ICHIA Plan or use our Ask-a-CSR inquiry system to send an electronic message to a customer service representative (CSR).

Once your application is approved, we will send you a benefit guide, certificate of coverage (insurance policy), PPO directory and an identification card. Both the benefit guide and the certificate of coverage provide specific details of your Plan's benefits and the procedures you need to follow in order to get the maximum benefits to which you are entitled.

To be eligible for an ICHIA policy, you must meet all of the general requirements and one of the eligibility categories.

### GENERAL REQUIREMENTS

1. You must be a resident of the state of Indiana ("resident" refers to a person who has for at least 12 months immediately preceding this application for insurance resided continuously in the state of Indiana in a place of permanent habitation). **This residency requirement does not apply to applicants that are federally eligible;** and
2. You are not eligible for Medicaid; and

### ELIGIBILITY CATEGORIES

**Federally Eligible** - You are federally eligible if on the date you apply for coverage with ICHIA, you have had creditable coverage for at least 18 months with no lapse in coverage exceeding 63 days. Your most recent coverage must satisfy ALL the following requirements: 1) have been under a group plan (through your or a family member's employer or union), 2) you are not eligible for coverage under any other group health plan; 3) you are not eligible for Medicare or Medicaid; 4) you do not have other health insurance; 5) you did not lose your insurance for not paying the premiums or for committing fraud and 6) if offered COBRA benefits, you must have exhausted your COBRA benefits. You can prove your creditable coverage with any of the following as long as they clearly establish 18 months of coverage with no lapse in coverage longer than 63 days: a copy of the Certificate of Health Plan Coverage provided by your previous insurance carrier / employer, a letter from the insurance carrier indicating your length of coverage, explanations of benefits (EOBs), other correspondence from a plan or issuer or paystubs that clearly establish 18 months of coverage with no lapse in coverage longer than 63 days.

Federal eligibility is determined by the Health Insurance Portability and Accountability Act (HIPAA) of 1996 which allows individuals to avoid a pre-existing condition waiting period when changing from one carrier to another.

**Rejection for Other Health Coverage** - Received notification of rejection from a health insurer for coverage that equals or exceeds the MINIMUM requirements for accident or sickness insurance policies issued in Indiana.

**Premium Rate Higher Than ICHIA** - I am currently on an individual policy and am not eligible for any coverage that equals or exceeds the minimum requirements for Accident and Sickness policies in Indiana. ### WHAT BENEFITS ARE OFFERED BY ICHIA?

**The choice is yours.** ICHIA offers four comprehensive Plans that include a preferred provider organization (PPO) benefit. Each Plan has its own deductible, coinsurance and benefit levels.

### HOW THE PPO WORKS

With the ICHIA health care plan, you may choose any physician, hospital or other medical care provider and receive the benefits covered under your Plan upon presenting your insurance identification card.

You also have the option to choose a physician or hospital from the preferred provider organization (PPO). When you do, you'll receive those services at a reduced rate.

### PPO Advantages

A PPO is a network of providers who have entered into an agreement to accept a discounted fee for their services. Using a provider from the PPO saves you money because a higher percentage of your out-of-pocket costs will be paid by ICHIA.

When you use a network provider, the plan will pay a higher percentage of your covered costs. You will pay only the deductible, coinsurance and charges for non-covered services.

In addition to lower rates for covered services, PPO providers handle all of the paperwork for you so you will have no claims to file.

### About Preferred Provider Organization

ICHIA uses a preferred provider network (PPO), which represents a full range of medical specialties and includes hundreds of specialists and internists across Indiana to provide you with the best care possible.

Ask your provider if he or she is a preferred provider or search the provider directory from our web site at [www.ichia.org](http://www.ichia.org).

### Using other providers

If you receive care from a non-network provider, your benefit payment will be reduced. The non-network provider may also charge you more than the plan allows for that treatment or service and expect payment at the time services are rendered. The amount in excess of what the Plan will pay is your responsibility and does not apply to your deductible or coinsurance requirements.

In addition, with non-preferred providers, you are responsible for filing your own claims.

### Anthem (APM) Prescription Drug Network

The ICHIA health care plan also gives you access to a nationwide network of pharmacies. Through the APM pharmacy network you will benefit from negotiated discounts on your prescription drugs upon presenting the APM Prescription identification card. The deductible and coinsurance / copayment amounts differ among ICHIA Plans (see the covered benefit insert for details on each Plan).

## COVERED BENEFITS

A detailed listing of covered benefits by Plan are included in the insert accompanying this brochure. Services are provided for inpatient and outpatient services including professional services (office visits), hospital expenses, mental illness / substance abuse, skilled home health care, skilled nursing facility expenses, surgical and transplant services. (Some of these services require precertification approval.)

## HOW PREMIUM RATES ARE DETERMINED

Premium rates, as listed in the insert, are based on the geographic area of Indiana in which you reside, your age and sex. Rates are subject to change with 30 days notice.

**Premium payment cycles.** ICHIA offers several different payment cycles, including three monthly premium payment options - you can receive your premium invoice each month via U.S. mail or have your premium automatically deducted from your bank account by completing an authorization form. You may also have your payment charged to a credit card by filling out the appropriate authorization form.

Quarterly allowable payment cycles are also available.

**Deductibles.** The amount of eligible expenses each enrollee must pay before ICHIA benefits are paid is called a deductible. The deductible must be satisfied once each calendar year. A separate deductible applies to the prescription drug benefit for All Plans.

The deductible is accumulated on a calendar year basis (January 1 to December 31) regardless of when your coverage becomes effective. Exception: Under Plans 3A and 3B, deductible expenses incurred in the last quarter of the previous calendar year (October, November and December) may be used to satisfy the deductible for the next calendar year.

**Coinsurance.** ICHIA pays 80% of in-network (60% of out-of-network) covered charges once the deductible has been satisfied. The enrollee is responsible for the coinsurance amount of 20% for in-network (40% for out-of-network) covered charges. Coinsurance amounts are in addition to any charges incurred due to using an out-of-network provider (such as charges over the usual and customary allowance).

**Out-of-pocket maximum.** Under each ICHIA Plan, a limit is based on how much your share of eligible expenses is per year (deductible plus coinsurance) before the Plan pays 100% of the allowable expenses for the remainder of the calendar year.

Once you reach the out-of-pocket maximum, you will no longer be required to pay coinsurance - ICHIA will pay 100% of covered charges under your Plan.

Deductible, coinsurance and out-of-pocket maximums for each ICHIA Plan are detailed in the covered benefits insert included in this brochure.

**ALLOWABLE EXPENSES are those charges for health care services and supplies provided for by ICHIA, and charges based upon our usual & customary determination for medically necessary allowable services.**

**Using a PPO provider  
saves you money.**

## PRE-EXISTING CONDITIONS

A pre-existing condition is any condition or illness that existed on or before the effective date of coverage with ICHIA and for which medical treatment or advice was recommended or received within the three months before your effective date of coverage.

You qualify for a **Pre-Existing Condition Waiver** if you lost your health insurance coverage within six months from the date of your application for coverage with ICHIA and provide a Certificate of Creditable Coverage from your previous health insurer / employer.

If you do not qualify for the Pre-Existing Condition Waiver, ICHIA excludes payment of benefits for the first three months following the policy effective date for any injury or illness deemed a pre-existing condition.

If a claim is submitted that appears to be a pre-existing illness or condition, information will be requested from your provider regarding the diagnosis to determine if any treatment or advice was given.

After the pre-existing condition waiting period of three months has been satisfied, ICHIA will cover charges related to the pre-existing condition according to your Plan's schedule of reimbursement.

**If you qualify for an ICHIA policy under the federally eligible category, you cannot be denied coverage for a condition, based upon the fact that the condition was present before the first day of coverage, regardless of whether any medical advice, diagnosis, care or treatment was recommended or received before that day.**

## DEPENDENT ELIGIBILITY

Coverage for your spouse and / or children is also available. Children are eligible for coverage provided they meet one of the following requirements:

1. The dependent is unmarried and under the age of 19;
2. The dependent is unmarried and enrolled full-time at an accredited educational institution. (A dependent that meets this criteria is eligible for coverage up to age 25); or
3. The dependent is incapable of self-sustaining employment by reason of mental or physical disability and is chiefly dependent upon you for support or maintenance. (A dependent that meets this criteria is eligible for coverage beyond the age of 19.)

The enrollee must submit evidence that the child satisfies this requirement within 120 days of when the child reaches age 19. ICHIA may ask for evidence that the disability is continuing from time to time, but not more than once per calendar year after the two-year period following the child's attainment of age 19.

Premium rates for dependents follow the same guidelines as described in the Premium Rates section of this brochure.

## NEWBORN CHILDREN

Newborn children are automatically covered for illness or injury during the first 31-days after their birth. After the initial coverage period, the newborn will have to be added to your policy as a dependent and the appropriate premium will apply.

# Indiana Comprehensive Health Insurance Association

## NOTICE OF PRIVACY POLICY AND PRACTICES

**This Notice Describes How Medical Information About You May Be Used And Disclosed, And How You Can Get Access To This Information. Please Review It Carefully. It Is Provided In Accordance With The Health Insurance Portability And Accessibility Act (HIPAA).**

Indiana Comprehensive Health Insurance Association (ICHIA or the "Program") is required under HIPAA to maintain the privacy of your medical information and to provide you with a notice of its legal duties and privacy practices. The Program will not use or disclose your medical information except as described in the HIPAA law and in accordance with this Notice. This Notice applies to all of the medical information generated by the Program, as well as medical information we receive from others.

**USES AND DISCLOSURES FOR TREATMENT, PAYMENT AND HEALTH CARE OPERATIONS:** ICHIA may use and disclose your medical information for treatment, payment and health care operations. ICHIA has outsourced many of the functions in these areas to an administrative services carrier, ACS Healthcare Solutions ("ACS" doing business in Indiana as OASYS); its disease management provider, Accordant Health Services, ("Accordant"); its care management provider, American Health Holdings ("AHH"); and the Program's pharmacy benefit manager, Systemed. ICHIA also has an agreement with Anthem Insurance Companies to provide some services on behalf of the Program. When acting on behalf of ICHIA, each of these entities is considered a business associate of the Program, and is required to protect and maintain the privacy of your medical information in the same manner as ICHIA.

**TREATMENT:** AHH and Accordant may request your medical information from your attending physician, consulting professionals, nurses, therapists, home medical agencies, DME providers, pharmacy benefit companies and health care facilities in order to assist in the coordination of your care. They may also share the medical information received from one of your providers with another of your providers to ensure appropriate continuity of care. These organizations will use your medical information in making medical management decisions, such as certifications for admission, necessary treatment regimens or continuation of rehabilitation services. Some other ways the Program may use or disclose your medical information for purposes related to treatment are:

- **Enrollment in Disease Management Programs:** The Program will disclose medical information obtained from your ICHIA application and your medical claims in the Program with Accordant so that it can contact you about enrolling in ICHIA's disease management programs.
- **Treatment Alternatives:** Accordant or AHH may tell you about or recommend possible treatment options or alternatives that may be of interest to you.
- **Health-Related Business and Services:** The Program, Accordant or AHH may contact you to tell you about health-related benefits or services that may be of interest to you.
- **Payment:** The Program and ACS may request medical information from you or your providers for the purposes of determining coverage, processing claims and reimbursing you or your providers. For example, we or ACS will request certain parts of your hospital records in order to determine if a pre-existing condition limitation applies or to ensure that the medical record supports the charges listed on the bill. Accordant or AHH may use your medical information to determine if all days of hospitalization were medically necessary. Your medical information may be disclosed to other insurers, including your auto insurer, third parties that may be liable for your services, or workers' compensation insurer for the purpose of coordination of benefits.

**ROUTINE HEALTH CARE OPERATIONS:** The Program may use and disclose your medical information during routine health care operations, including quality assurance activities, internal auditing, actuarial activities, litigation activities, resolution of complaints or grievances and utilization tracking activities. The Program may engage outside consultants (including actuarial, accounting and legal consultants) to conduct some of the health care operations. In the course of performing their duties, they may use or disclose your medical information. These consultants are

business associates under a contract with the Program and are required to keep your medical information confidential.

**USES AND DISCLOSURES REQUIRING YOUR AUTHORIZATION:** The Program may not disclose your medical information to persons outside of the Program and its business associates for purposes other than described in this notice without your authorization. **You have the right to revoke any authorization you have previously given** by submitting a written statement of revocation to the Program, except to the extent that action has already been taken in reliance on your consent or authorization.

**INDIANA LAW AFFECTING YOUR AUTHORIZATION:** Indiana law may require an authorization to be in a specific form and issued within a designated time period. In instances where such a law would govern an authorization, the Program will require compliance with that law.

**USES AND DISCLOSURES THAT ARE REQUIRED OR PERMITTED WITHOUT CONSENT OR AUTHORIZATION**

**RESEARCH:** Under certain circumstances, the Program may use and disclose your medical information to approved clinical research studies. While most clinical research studies require specific patient consent, there are some instances where a retrospective record review with no patient contact may be conducted by researchers. For example, the research project may involve comparing the health and recovery of patients who received one medication for their medical condition to those who received a different medication for that same condition.

**REGULATORY AGENCIES:** The Program may disclose your medical information to a health oversight agency for activities authorized by law, including, but not limited to, audits of the Program. This type of activity is required under the ICHIA Statute by the Indiana Division of Insurance and other Indiana regulatory agencies. In most cases, however, the information that these agencies review will be aggregate information, not individually identifiable information.

**LAW ENFORCEMENT / LITIGATION:** The Program may disclose your medical information for law enforcement purposes as required by law or in response to a court order.

**PUBLIC HEALTH:** As required by law, the Program may disclose your medical information to public health or legal authorities charged with preventing or controlling disease, injury or disability.

**WORKERS' COMPENSATION:** The Program may release medical information about you for workers' compensation or similar programs. These programs provide benefits for work-related injuries or illnesses.

**MILITARY / VETERANS:** The Program may disclose your medical information as required by military command authorities, if you are a member of the United States armed forces.

**AS OTHERWISE REQUIRED BY LAW:** The Program will disclose your medical information in any situation in which such disclosure is required by law (e.g., child abuse, domestic abuse).

**YOUR RIGHTS RELATED TO YOUR MEDICAL INFORMATION:** You have the following rights concerning your medical information. All requests must be made in writing, except as may be authorized specifically under the HIPAA Act:

**RIGHT TO REQUEST RESTRICTIONS :** You have the right to request certain restrictions on the use and disclosure of your medical information.
